SciEd informal meetings in Germany and France (insert)

### News from SciEd network

- SciEd is growing: **new** schools from France, Germany, UK, Russia and India.
- SciEd probes new format: "lectures" **online** (skype and webinar) register here <https://networkscied.wordpress.com/page/>
- New collaboration with **Indian** "Honey Bee" network and "Teachers as transformers" . 1600 teachers from India are open to welcome scientists from SciEd: <http://www.inshodh.org/>

### Updates of online platform

- In order to facilitate the interaction among scientists and schools, it will be possible for each scientist to refer to a particular category. For more information, go to <https://networkscied.wordpress.com/2017/12/05/featured-content>
- More lecture materials are now online: <https://networkscied.wordpress.com/about/fields/material-scied-lectures/>

### Participate in SciEd network

For participation in SciEd network, just register in our website <https://networkscied.wordpress.com/contact>
